Introduction

Donald is one of the leading lawyers in land use and real estate development matters in Seattle. For over 40 years, he has guided many of the region's significant mixed-use, office, business park, retail, and multi-family projects to successful conclusion through creative application of the law. He has assisted real estate developers and owners of property in developing commercial and residential projects in the Pacific Northwest and other regions of the country. He has represented clients in all aspects of real estate development; buying property; negotiating ground leases; obtaining land use entitlements; negotiating design, construction, and financing documents; negotiating leases; and selling fully developed properties. The skills he has developed through this legal work are varied and include structuring real estate deals, drafting and negotiating agreements and contracts, negotiating with government agencies, analyzing regulatory programs and requirements, and making public presentations.
